

SECURITY FREEZE INFORMATION

Any consumer in Indiana may place a security freeze on his or her credit report by requesting one in writing by mail to the consumer reporting agency. After January 1, 2009, the consumer reporting agencies must also make available a secure electronic mail connection to request the security freeze.

The consumer reporting agency is not allowed to charge a fee to Indiana residents for placing, temporarily lifting for a specific time period, or permanently removing a security freeze on a credit report.

A security freeze prohibits, with certain specific exceptions, the consumer reporting agency from releasing the consumer's credit report or any information from it without the express authorization of the consumer.

To obtain more detailed information on how to place a security freeze on your credit reports, see below.

HOW TO "FREEZE" YOUR CREDIT FILES

A security freeze means that your file cannot be shared with potential creditors. A security freeze can help prevent new account identity theft. Most businesses will not open credit accounts without first checking a consumer's credit history. If your credit files are frozen, even someone who has your name and Social Security number probably would not be able to obtain credit in your name.

How do I place a security freeze?

To place a freeze, you must request it by mail to each of the three consumer reporting agencies. Beginning January 1, 2009, the consumer reporting agencies must also make a secure electronic mail connection available to request a security freeze on your credit files.

There is no fee for Indiana residents to place, temporary lift, remove or request a new password or PIN.

Write to all three addresses below and include the information that follows:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013

Trans Union Security Freeze

P.O. Box 6790
Fullerton, CA 92834-6790

For each, you must:

- Send a letter only prior to January 1, 2009;
- After January 1, 2009, you may also place the security freeze by a secure electronic mail connection;
- Provide your full name (including middle initial as well as Jr., Sr., II, III, etc.) address, Social Security number, and date of birth;
- If you have moved in the past 5 years, supply the addresses where you have lived over the prior 5 years.
- Provide proof of current address such as a current utility bill or phone bill
- Send a photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)

How long does it take for a security freeze to go into effect?

After five (5) business days from receiving your letter, the consumer reporting agencies listed above will place a freeze providing credit reports to potential creditors.

Ten (10) more business days from placing a freeze on your account, the consumer reporting agencies will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep this PIN or password in a safe place.

Can I open new credit accounts if my files are frozen?

Yes. You can have a security freeze lifted for a temporary period of time. There is no fee for Indiana residents. The steps to do so are as follows:

- Contact the consumer reporting agencies above.
- You may contact the consumer reporting agencies by mail, telephone, fax or over the Internet;
- You must provide proper identification;
- You must provide your unique PIN or password;
- And, you must include during what time period your credit report will be accessible (for example: from August 1 to August 5.)

How long does it take for a security freeze to be lifted?

Three (3) business days before January 1, 2009 or when the request is made by mail. After January 1, 2009, the consumer reporting agencies must lift the freeze within 15 minutes under reasonable circumstances and if the request is made during normal business hours.

What will a new creditor who requests my file see if it is frozen?

A creditor will see a message or a code indicating the file is frozen.

Can a new creditor get my credit score if my file is frozen?

No. A creditor who requests your file from one of the three consumer reporting agencies will only get a message or a code indicating that the file is frozen.

Can I order my own credit report if my file is frozen?

Yes.

Can anyone see my credit file if it is frozen?

When you have a security freeze on your credit file, certain entities still have access to it. Your report can still be released to your existing creditors or to collection agencies acting on their own behalf. They can use it to review or collect on your account. Other creditors may also use your information to make offers of credit. Government agencies may also have access in response to a court or administrative order, a subpoena, or a search warrant.

Do I have to freeze my file with all three consumer reporting agencies?

Yes. Different credit issuers may use different consumer reporting agencies. If you want to stop your credit file from being viewed, you must freeze it with Equifax, Experian, and Trans Union.

If more than one person in my household wants to request a security freeze, do we each have to request a separate security freeze?

Yes. Because each person has an individual credit history and credit reporting file, each person must make a separate request to place, lift or remove a security freeze. Each person also must pay any applicable fees.

Will a freeze lower my credit score?

No.

Can an employer do a background check on my credit file?

No. You would have to lift the freeze to allow a background check, just as you would to apply for credit. The process for lifting the freeze is described above.

Does freezing my file mean that I won't receive pre-approved credit offers?

No. You can stop the pre-approved credit offers by calling 888-5OPTOUT (888-567-8688). Or you can do this online at www.optoutprescreen.com. This will stop most of the offers, the ones that go through the consumer reporting agencies. It's good for five years or you can make it permanent.

What law requires security freezes?

The Indiana security freeze bill passed as Senate Bill 403. It is effective September 1, 2007.

THIS FACT SHEET IS FOR INFORMATIONAL PURPOSES. IT IS NOT LEGAL ADVICE. FOR LEGAL ADVICE, YOU MUST CONSULT YOUR OWN ATTORNEY.
